

World Congress on Nature and Biologically Inspired  
Computing (NABIC'09)

December 9-11, 2009, Coimbatore, India

*CALL FOR PAPERS*

**SPECIAL SESSION: *Datamining and ontologies models,  
Applications and solutions***

The technology of intelligent services, particularly about models applications for systems and ontologies, demonstrates exponential-growth in research and corporations. To share the experiences of research, development, deployment and maintenance, this special session invites worldwide colleagues to present their contributions in (but not limited)

1. Designs models for data mining/implementations.
2. Models of Ontology/ implementations.
3. Models of Ontology for data mining/ implementations.
4. Management /automatic extract data mining models
5. Distributed Methods Of Data Mining
6. Methodology and Technology for e-commerce, education, health-care, and learning.

**Full Paper Due Date:** June 26, 2009  
**Notification:** August 14, 2009  
**Camera-ready Paper Deadline:** September 14, 2009

**SUBMISSION OF PAPERS**

Papers are invited from prospective authors with interests in this particular special session and related areas of application. All contributions should be original and not published elsewhere or intended to be published during the review period. Contributions from more applied related fields in industry and commerce are very welcome. All papers are to be submitted electronically in PDF format to the special session organisers. Details of the required paper format are published at the official NABIC 2009 website (<http://www.mirlabs.org/nabic09/index.html>)

For further information, please contact:

**Special Session Organisers:**
